PROFESSIONAL DEVELOPMENT BULLETIN

September 7, 2017

SPOTLIGHT

2017-2018 Continuing Education Opportunities

The NLN's professional development activities provide many and varied paths to helping nurses in education and practice teach in complex educational and health care systems. The NLN uniquely aligns education and practice, enhances leadership development for senior administrators and those who aspire to lead, and promotes diversity and inclusivity through its professional development offerings.

At the NLN's conferences, workshops, courses, and webinars, created by the NLN's seven [Centers for Nursing Education](#), participants exchange ideas, insights, and experiences and benefit from the expertise of leaders in the field. Through partnerships with corporations, practice and academia, the NLN offers products and initiatives that enhance professional development.

A provider for continuing education through the International Association of Continuing Education and Training (IACET), the NLN offers CE credits for all its professional development programs, from the annual [Education Summit](#), to the one-year programs of

the [NLN Leadership Institute](#) (applications are open until September 29), to an [extensive array of conferences, workshops, and webinars](#).
