Debriefing and Simulation Management

SimCapture®

Laerdal Medical together with B-Line Medical offer the world’s premier debriefing, assessment, and training management platform – SimCapture. Seamless product integration allows educators to move from simulation events to debriefing in a single step, and in real-time. All key simulator events are present and synchronized with captured video and the patient monitor.

SimCapture is a complete management solution for simulation. By providing a debriefing and assessment solution, SimCapture simultaneously simplifies and enhances your program’s activities.

Stop by booth 405 for a hands-on demonstration, or visit Laerdal.com/SimCapture

Dear Colleagues,

The National League for Nursing is a mission-driven professional association, founded on the core values of Caring, Integrity, Diversity, and Excellence. For the NLN Board of Governors and staff, these are more than mere words. They serve as a call to action every day and represent a vivid reflection of the 2019 Summit theme: the NLN’s North Star: Purpose, Power, & Passion!

Coming together for these three action-packed days each fall reminds us how we celebrate that theme throughout the year. You, dear colleagues and members, are the League’s North Star. Our shared Purpose—to prepare an outstanding nursing workforce to advance the health of the nation and the global community—is guided by our shared Passion—excellence in nursing education.

Both of which coalesce in our collective Power. A quick glance through the pages of this NLN Salute to Members best tells the story of how many hundreds of you, leaders and scholars, faculty and students, and friends of nursing education, are engaged in our vital enterprise. Through committees, task forces, boards, and so many of our programs and initiatives, you embody the spirit and energy of the NLN.

We are humbled and honored to be on this journey with you. And we take this opportunity to express sincere thanks for all you do to help the NLN meet your needs and support you in achieving your goals in classroom, clinic, lab—wherever your professional pursuits may lead.

Finally, we remind you to take full advantage of all the benefits that come with your NLN membership. The NLN is never more than a click or a phone call away!

Thank you for your membership and continued support of the NLN.

At Chamberlain University, we believe we can achieve more in the movement to transform healthcare when we work side by side with our colleagues. That’s why we’re proud to have been recognized by the NLN as a Center of Excellence in Nursing Education and to foster the next generation of extraordinary healthcare professionals through our College of Health Professions. We look forward to continuing to grow stronger together.

Central Wyoming College Department of Nursing
We are dedicated to supporting nurses throughout their journey, whether that’s educating the next generation of nurses with our three-year BSN program or helping working RNs attain their BSN online. As we advance our education as nurses, we advance our impact. Which is why we also offer advanced degree programs including a Master of Science in Nursing as well as a Doctor of Nursing Practice. So, no matter where you are in your journey, Chamberlain can help you get to where you want to be.
