

Instructor's Toolkit for "Finish the Story" Assignment: George Palo

Learners have now seen George at three snapshots in time. The last assignment calls for the student to finish the story and relate where they see George about three months after their last encounter with him. This assignment should give faculty insight into what students have learned from the unfolding case.

The assignment may take on any of the forms below:

- short paper
- reflective journal entry
- class discussion
- small group discussion
- online discussion
- student presentation using role playing
- other – be creative

Whatever format you choose, encourage learners to indicate the reasoning behind their end of story, based on what they know about George and his condition. Students should cite data to support their outcomes. They should relate their beliefs about the role of the nurse in George's continued care and any resources or referrals that might be needed.
