Challenge the assumption

Coronavirus and the Great Online-Learning Experiment

Let’s deconstruct what our students actually learn online

By Jonathan Dinenno Jones | MARCH 11, 2020

What is Quality Matters?

• A set of eight General Standards and 42 Specific Review Standards used to evaluate the design of online and blended courses. Annotations explain the applications of the Standards and their inter-relationships.

• Alignment between Learning Objectives, Assessment and Measurement, Instructional Materials, Learning Activities and Learner Interaction, Course Technology
