NLN Signature Events

The NLN presents one biannual and three annual signature events: NLN Leadership Conference, NLN Education Summit, NLN Elsevier Technology Conference, and a research conference held with STTI every other year (coming in April 2016). These popular professional development conferences vary in focus but have many things in common.

NLN Signature Events are designed to help nurse faculty apply the NLN Core Competencies of Nurse Educators to their teaching and curricula. The events embody the NLN’s core values of excellence, integrity, caring, and diversity and help advance our mission to build a strong and diverse nurse workforce to advance the health of our nation and the global community.

The National League for Nursing is proud to announce the 2015 NLN Signature Events.
